We Stand Behind What We Do, Your Peace of Mind Dental Warranty:

We are proud of our dental services and what they do for our patients. The long term success of our dental treatment for you is dependent on: How well you care for your teeth, brushing and flossing daily, eating a sensible diet and adhering to the schedule set for professional examinations, cleanings and x-rays. The products we recommend for you and frequency of professional continuing care visits depends on your individual situation.

With these thoughts in mind, we are pleased to offer the following limited dental warranty:

If restorations fracture with normal use, we will replace or repair at no additional charge. This does not include accidents that could also break normal, healthy teeth. Breakage or fracture of the natural tooth supporting a restoration is not covered by this warranty. Composite restorations or crown buildups done as a compromised form of treatment (instead of a crown, onlay, or veneer) are not covered under this warranty.

- Porcelain Crowns, Bridges, Inlays, Onlays, Porcelain Veneers, Lumineers: 5 Years
- Gold and Porcelain fused to Metal Restorations: 5 Years
- Composite Fillings or Bonding: 2 Years
- Dental Sealants: 2 Years

Dental Implants

If our implants fracture or fail within a period of (1) year following the initial surgical placement, we will replace or repair any fractured or failing implant at no charge. (The good news is that the vast majority of problems that occur will happen within the first year of treatment.) Exceptions: Any type of tobacco use and uncontrolled diabetes can cause serious damage to all oral structures including the supporting bone around implants.

Conditions

To keep this warranty valid, you **must**: 1. Maintain continuous care in our practice. 2. Keep your prescribed regular continuing care appointments (no less than every 3-6 months depending on recommendation of your dentist/hygienist). 3. Maintain your account in good standing and 4. Have all recommended dental treatment(s) performed, including the treatment of jaw-occlusal dysfunction and use of bruxism guards if recommended. This warranty does not include anything not mentioned above, including gum line desensitization, root canal therapy, night guards, nor does it cover damage to teeth or dental prosthesis cause by accidents, trauma, neglect, or improper use (e.g., accidents such as dropping partial, grinding/clenching, or biting non-food items). Due to the nature of partials, we cannot guarantee your comfort or your ability to accommodate these artificial replacements.
